

Facebook - Privacy settings for your posts

1. To view your settings options click little **black triangle** at top right of the Facebook screen. It is circled in red in the illustration below. The menu shown below appears.

2. Click the **Settings** option shown above. Your General Account Settings appear. Choose **Privacy**, circled in red below.

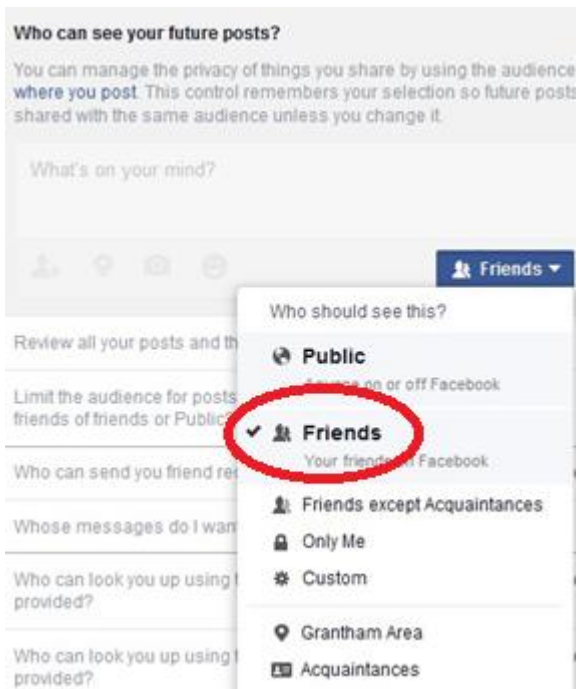

3. Your Privacy settings appear. Choose the **Edit** option for the aspect of Facebook that you would like to check up on. The one for **future posts** is circled, in red again, below.

Privacy Settings and Tools

Who can see my stuff?	Who can see your future posts?	Friends	Edit
	Review all your posts and things you're tagged in		Use Activity Log
	Limit the audience for posts you've shared with friends of friends or Public?		Limit Past Posts
Who can contact me?	Who can send you friend requests?	Friends of friends	Edit
	Whose messages do I want filtered into my Inbox?	Basic Filtering	Edit
Who can look me up?	Who can look you up using the email address you provided?	Friends of friends	Edit

4. You get the **options** for your future posts.

5. You can click the option that seems best.
6. If you want another Facebook user to see your posts then the **Friends** option shown above should make that possible once you have made a friend request to that user and it has been accepted.
7. It may take a day or two for the request to be accepted.
